MONEY SMART

FOR
SENIORS

**we care,
we support,
we empower**

Acknowledgments

Money Smart for Seniors is an initiative of AMCS

Resources have been co-developed by AMCS and our community members with inputs from eSafety Seniors, Goldsmiths P/L and House Studios

AMCS acknowledges financial support from the Ian Rollo Currie Estate Foundation and Perpetual Trustees.

Disclaimer

Our first step in developing these resources was to ask community members about their experience of financial attacks and what they thought would be of most help. Money Smart for Seniors aims to answer their most common questions. However, our little program cannot be the total answer to all threats. We can only hope it is a step in the right direction for our community members.

How to spot and avoid scams
